

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

# REPORT

OF THE

## County Commissioners

OF THE

## COUNTY OF PLYMOUTH

FOR THE YEAR

1902

## REPORT OF COUNTY COMMISSIONERS

---

In complinace with the requirements of Section 25, Chapter 21 of the Revised Laws the County Commissioners respectfully submit the following report:

### COUNTY TAX AND REDUCTION OF COUNTY DEBT.

The County Tax for the year 1902 was but \$90,000. In no year since 1894 has it been so low. For the next year it will be considerably increased.

There has been assessed upon the county and paid during the year to the State on account of highways, constructed by the State Highway Commission the sum of \$5,672.79, and to the South Boston Savings Bank on loan which matured December 1st, the sum of \$10,000.

The interest bearing indebtedness is now \$41,023.68 while on the first day of January, 1902, it was \$45,672.79. Of this indebtedness \$11,023.68 is on account of highway constructed in said County during the year 1901 under the direction of the Massachusetts Highway Commissioners.

### REPAIRING AND FURNISHING COUNTY BUILDINGS.

In repairing the County buildings the work has been done by the day. The Treasurer's report gives a detailed statement of the cost.. In this connection it is but just to say that the House of Correction has been greatly improved at a comparatively small expense as a large part of the work has been done by the prisoners under the direction of the Master.

## HIGHWAYS, BRIDGES AND LAND DAMAGES.

No private ways have been laid out and no highways laid out under the betterment law and the Commissioners have made no application to the Massachusetts Highway Commission.

The Town Clerk of Marshfield was directed by the Commissioners to record the decree of the Selectmen of said town laying out a town way therein under the petition of James F. Vaughn, the Town having refused to accept the report of the Selectmen.

There are no suits pending in relation to damages occasioned by the laying out of highways in 1902.

Under the petition of the Mayor and Aldermen of the City of Brockton specific alteration in Ames Street Bridge and its approaches were ordered and by agreement the New York, New Haven and Hartford R. R. and the City of Brockton assumed the cost of construction and land damages.

Under the petition of George F. Welch and others a new highway about three miles in length was laid out in Scituate and the town was directed to construct in accordance with a grade plan submitted. In this and all cases of alteration a general order was passed, the County paying land damages—the Town to pay for construction.

During the year special awards have been made on account of land damages sustained by the alteration of highways in 1902 and previous thereto as follows:

Edwin F. Witham and others, Middleborough, for alteration of Centre Street in said town.

John Bent and others, Carver; for straightening and

widening the highway beginning at North Carver Cemetery and leading Southerly to the Middleborough line.

Selectmen of Pembroke, requesting that the bounds of a highway leading from near the residence of Sylvester A. Stetson in said town to the Kingston line be defined.

Thomas Patterson and others, Scituate; for alteration of a highway recently laid out and leading from Sand Hills to North Scituate.

S. A. Allen, Duxbury; for defining the lines of Border Street in said town.

Selectmen of Plymouth, for widening and straightening Summer Street in said town.

Ephraim A. Gorham, for alteration of Mattakeesett Street in the towns of Pembroke and Hanson, from the house of Mrs. E. T. Clark to the Methodist Church.

Everett N. Mann and others, Rockland and Hanover, for an alteration of the highway known as Webster Street between Union Street in Rockland and Whiting Street in Hanover.

Nathaniel Morton and others, Hanover and Pembroke, for alteration of the highway and bridge in said County beginning at the house of Samuel S. Sylvester on Washington Street in Hanover and running across the North River, terminating in Pembroke.

## STATE HIGHWAYS.

The tabulated report of the Massachusetts Highway Commission is made a part of this report. This table shows that the State Highway Commissioners have constructed in the County of Plymouth since 1894 about thirty-six (36) miles of highway at an expense to the State of Two Hundred Ninety Two Thousand Five Hundred Fifty Four (\$292,554.00) Dollars, and that they have paid in repairs Nine Thousand Three Hundred Sixty Seven (\$9,367.00) Dollars. Of the Three Hundred One Thousand Nine Hundred

Twenty One( \$301,921.00) Dollars expended as aforesaid, the County has already paid Fifty Seven Thousand Eight Hundred Thirty Five and 88-100 (\$57,835.88) Dollars and will be required to pay an additional sum of Seventeen Thousand Six Hundred Forty Four and 55-100 (\$17,644.-55) Dollars. The State Highway Commissioners have expended in the construction of highways within the Commonwealth during the time named (including office expenses, surveys and supervision) the sum of Four Million Three Hundred Eighty Eight Thousand One Hundred (\$4,388,100.00) Dollars. Of this sum the County of Plymouth will pay as stated above Seventy Five Thousand Four Hundred Eighty (\$75,480.00) Dollars, and the other counties in the Commonwealth will be required to pay Nine Hundred Twenty Four Thousand (\$924,000.00) Dollars, leaving the Commonwealth to pay the sum of Three Million Three Hundred Eighty Eight Thousand Six Hundred Twenty (\$3,388,620.00) Dollars.

On the present basis of apportionment a State tax of Three Million Three Hundred Eighty Eight Thousand Six Hundred Twenty (\$3,388,620.00) Dollars will require a payment by the towns and city in the County of Plymouth of Ninety Five Thousand Five Hundred Ninety Three (\$95,593.00) Dollars. As stated, there are now thirty six miles of State Highway in one City and fourteen Towns in the County, and the one City and twenty-six towns have paid or are to pay on account of all the highways now constructed in the State the sum of One Hundred Seventy One Thousand Seventy Three (\$171,073.00) Dollars.

The policy of the County Commissioners has been to pay the State Highway assessment as soon as possible after the receipt thereof.

The amount to be added to the County tax for the ensuing year on account of said assessment will be Eleven Thousand Twenty Three and 68-100 (\$11,023.68) Dollars.
